

Footprints of

**Schneck Family
Life Center**

schneck foundation

sharing means caring

At Schneck Medical Center, we realize that the birth of a child is one of life's most important occasions. Footprints of Schneck's Family Life Center was developed to provide a unique opportunity for parents, grandparents, family members, and friends to celebrate the arrival of a new baby.

How will my gift be used?

Contributions will be used to improve services and purchase equipment to enhance the care provided by the Family Life Center.

How will my gift be recognized?

The baby's name and birth date will be recognized for at least one year on the recognition wall, located just outside the Family Life Center entrance. Parents of babies honored in the program will receive a card, acknowledging the placement of their child's name.

How do I make a donation to the Footprints of Schneck's Family Life Center?

To honor the arrival, simply complete the form to the right and return with a minimum gift of \$25. Checks should be payable to Schneck Foundation. (All donations are tax exempt).
