Philanthropy Spotlights

Philanthropic involvement not only strengthens Schneck’s facilities and technology, it is core to our mission: “To improve the health of our communities.” Health we all depend on.

Spotlight on Cathy Hackman:

“During the month of October, I challenged myself to raise funds in honor of a wonderful mother, wife, and physician, Dr. Amanda Dick. My goal was $10,000 and if I exceeded this goal, I pledged to shave my head. If $5,000 was raised, Dr. Amanda would buzz my hair.”

Funds raised were donated to the Schneck Cancer Center in order to assist our local community. These funds will be used to help support the needs of the Cancer Center.

“When Dr. Amanda first told me about her cancer, the part she dreaded most was the hair loss. I think most women feel this way. I told her I would do it too. She said I didn’t have to but it would be fun. So, at that point I decided to go for it. It will grow back and we can be comrades through this. I began mailing letters to family and friends…and waited…and waited. Then, Dr. Amanda and I did some spots on WJAA, I sent texts, I called people directly, and the donations started coming in.”

A fund is now set up through the Schneck Foundation to benefit the Don and Dana Myers Cancer Center, and to date, $5,700 has been raised in Dr. Amanda’s honor.

Spotlight on Robert Becker:

You know his voice, his station’s been rockin’ your socks off for years, his Cool Bus can be seen all over town, and now you get the inside scoop on how Robert Becker gives back to his community…and has a lot of fun while doing it!

“I’ve had 96.3 WJAA for over 25 years so really, I have been fundraising for about 25 years! I believe it’s an important part of having a business in this community. I enjoy being involved in philanthropy, in and around Jackson County, whether that’s helping raise money for the Schneck Foundation, giving guests from Schneck some airtime on my show, or having the Cool Bus around at different events.”

Every year, WJAA teams up with the Schneck Cancer Center staff for a community fundraiser in the month of October. In 2013 and 2014, they created the ‘Pink Houses’ campaign, where Pink Light Bulbs were sold around town as a fundraiser for the Cancer Center. In 2015, it was Christmas Ornaments, and this year, they launched the very popular, ‘Faith, Hope, Love: Conquering Cancer,’ tie-dye T-shirt sale.

“This was the first year for the T-shirts and they sold like crazy! My staff and I wanted to do something different, and we know everyone loves T-shirts, so we decided to use the tie-dye colors to represent all different types of cancer.”

Proceeds from the tie-dye T-shirt fundraiser were donated to the Schneck Foundation, supporting the Don and Dana Myers Cancer Center. Some programs and services these funds support include: free mammograms for underinsured and uninsured women, prostate screenings, cervical cancer screenings, colorectal screenings, to purchase and upgrade necessary treatment equipment, and construction of the cancer center facility.

Spotlight on Kelli Jo Stuckwish:

Kelli Jo Stuckwish, owner of Simply Chic Beauty, began her philanthropy work with the Schneck Foundation in the fall of 2013, with her pink and black t-shirts for Breast Cancer Awareness month, and her popular pink hair extensions.

“I had so many people coming into my salon asking for donations and I wanted to help every single one of them, but that was just a handful of what the need was in our community. When I learned about the Schneck Foundation and how money raised for the Foundation helps thousands of people within Jackson County, as well as surrounding communities, I felt as if this was the perfect opportunity to get involved. I realized that I could be impacting so many more people’s lives!”

Kelli Jo and her team at Simply Chic have raised over $12,000 for the Schneck Foundation!
Schenck Foundation Board

The Schneck Foundation Board members are fully committed to the Mission of the Foundation:

“To raise funds and promote awareness of opportunities which improve the health of our communities.”

The Foundation Board, as a whole, sets policies and strategies for the functioning and actions taken by Development Council volunteers, in line with the agreed purposes, principles, and scope of the Foundation. It also sets operational guidelines, investment strategies, and makes funding decisions. One of the main roles is representation of Schneck Medical Center in the community. The Foundation represents views of the hospital to various constituencies within the Schneck community. The Foundation is frequently asked to coordinate with outside agencies, as well as advocate for Schneck, and mobilize resources.

Often, the Foundation Board is the first contact Schneck’s target audience has and in some cases, is the first opportunity for people to voice their concerns.

The high standing of Board members in the community encourages decision-makers to listen to concerns of those affected, and helps open up alternative solutions.

Schneck Medical Center is proud of the dynamic volunteers who give their time and talents to ensure that trustworthy and ethical actions remain the central focus to the management of donations received.

Schenck Foundation/Development Staff

Under the direction of Rexanne Ude, the Foundation/Development Staff are the support line for Development Council volunteers, ensuring that volunteers have all the tools they need to be successful.
The Special Prospects Committee is chaired by Dana Bollinger and is made up of 11 dedicated community leaders who invite individuals to join the Schneck Hospital Society by making a $10,000 donation to the Foundation.

These contributions helped make the Cancer Center a reality and continue to support the many projects funded by the Foundation.

Celebrate the good things...

The things people say....

“My nurse Tammy was the best! She’s thorough, courteous, and interested. I couldn’t ask for better! I would recommend Dr. Kristen Gilbert to anyone. I’m very confident Dr. Gilbert and staff listen to what I have to say and truly care about me.”

“Everything is so well maintained. I had excellent care from every person I encountered.”

“My husband had an allergic reaction to a medicine before surgery – Kandi, Dr. Park, and other nurses came right to our rescue. Before I knew it, my husband was fine. Kandi made a special effort for my husband and helped my husband and I and made us feel comfortable. We recommend Schneck to everyone we can. Great Service and Care! Thank you!”

“I had an echocardiogram and Sherri in Cardiovascular Services took great care of me. She gave the best customer service and is the kindest person I have ever run into in a medical facility. She is doing a very, very good job!”
Annual Support Committee

Schneck’s Annual Support Committee is chaired by Kyle McCray and has 8 members who give their family, friends, and fellow workers the opportunity to become a Healthbuilder Club member with an annual contribution of $100 or more.

A strong Annual Support Committee is the cornerstone of a flourishing and sustainable philanthropy program. These volunteers understand that for Schneck to continue to offer the latest technology, new services, and recruit outstanding physicians, it is essential that Schneck have a strong philanthropy program.

If you would like more information about how to become a Healthbuilder member, please contact the Development Office at 812-524-4247 or online at www.schneckfoundation.org.

Celebrate the good things...

The things people say....

“I appreciate you guys very much and I also love the new Courtesy Shuttle that picks you up in the parking lot because I have a bad leg and it is very painful when I walk. I find Schneck Medical the most respectful and the best service. Thank you all very much.”

“Todd in Diagnostic Imaging did a great job and made me feel at ease.”

“My stay was wonderful. Everybody was so nice and caring. The facilities are marvelous.”

“I saw Dr. Manship in the Schneck Emergency Department. He was very respectful and did not judge me. He treated me like I had been a patient of his for years. I had two nurses and both were very professional and took the time to listen to me and really showed me that they cared.”
Schneck’s EPiC Committee has 36 employee volunteers and two Foundation/Development support employees. This Committee, under the leadership of Denise Fleenor and Tammy Simpson, makes wonderful things happen at Schneck. Since its inception in 2001, employees have given back to Schneck over $1,000,000 to be used on projects such as the Cancer Center, the TeleHealth Monitoring System, White Boards in the SimLab, and the Transport Vehicle used to transport patients on the hospital campus. They have an 85% employee participation rate in their giving club, while the national average is less than 35%.

(Employee Partners invested in Caring)
THE POWER OF PHILANTHROPY

Did you know the word philanthropy is a Greek term which directly translates as “love of mankind?” When you make the choice to support a not-for-profit like Schneck Foundation, we realize you have decided to make a sacrifice to give a gift that will directly impact others, as opposed to doing something for your own profit or benefit. On a daily basis, the Foundation Staff and I are privileged to witness the outpouring this community chooses to make on behalf of those we serve.

Schneck is currently in another growth and expansion phase. We have embarked on a construction project to improve our Rehabilitation Services and to upgrade technology in the Don and Dana Myers Cancer Center. We are doing this to remain a facility that provides state-of-the-art equipment, treatment options and facilities. Staff has a need for this project so they can continue to provide the care our patients deserve.

Quality healthcare is important to your family. You want the peace of mind knowing a top-notch hospital is close to home. You want the best medical care delivered by the best doctors, nurses, technologists, and caregivers - without having to wait. And you want them to have the latest technology, equipment, and facilities in order to bring today’s advanced medical remedies to your family.

Schneck Medical Center is dedicated to improving the health of your family - and making sure they get the very best care without traveling far and wide. Schneck touches all of our lives. In so many ways, the new Rehabilitation Center and 4D CT Simulator are essential for our community.

Over the years, our founders had the vision to build, renovate, and expand our hospital and the services we provide. They did this to improve the ability to provide excellent care for patients. We are the guardians of their vision, a vision that must be carried forward.

Schneck has a rich legacy of visionary philanthropic support. Our donors give in many ways and at all levels, large and small, to help us continue to improve lives. We invite you to be a part of that legacy.

As a not-for-profit organization, your support will bring the latest in advanced medical care to our community.
The Community Relations Committee is chaired by Lonn Stuckwish and presents programs that involve community members with Schneck.

This committee presents educational programs on new services offered at Schneck and helps keep the community up-to-date on all that is happening at Schneck Medical Center.
Planned Gifts Committee

This Committee is chaired by Jane Blevins and is made up of 7 dedicated individuals who work to increase the number of people who are aware of the organization’s Planned Gifts Program and planned giving in general.

The Planned Gifts Committee offers programs designed to increase the number of people who understand the benefits of making a planned gift in general, and specifically encourages planned gifts to Schneck Medical Center.

The things people say....

“Lyda was amazing. Everyone who helped today was great. Cheyenne and Amanda in ICU were very friendly. They are all so concerned with my needs and comfort. They responded quickly to every call light. Erin from 3N was super. We have never had such amazing care. These are a few of the reasons we continue to come back to Schneck.”

“Tod in Diagnostic Imaging was very relaxed, and spoke calmly and reassured us we had plenty of time. He also explained to us the options if my son would not cooperate. Jessica in Diagnostic Imaging came in to help and remained calm and reassured us we could take our time and do the best to get what the doctor needed. They let us get our son into position and helped keep him calm the best we could. They exhibited excellent team work and worked very quickly once we got him into place and in no time we were finished. I was so relieved and pleasantly surprised how well it went. I just can’t thank them enough for their patience, willingness to work with us and excellent team work. They were definitely star performers for very good customer experience.”

“This was my first hospital stay in 79 years. I don’t even have a doctor of my own but I had some fine care up there from some of the nicest nurses in the world. One of the nurses was Krista on 4N. She was so nice and caring and just helped me a lot. All the nurses did a fine job on 4N. Thank you.”

“Billie and Cassie who cared for me on the 3rd floor were exceptional nurses. They did a lot of education and explained to me what was going on and I became more aware of what was occurring with me. I had excellent help on 3N. I would recommend SMC to anyone needing medical care. Excellent place!”
Business Relations Committee

The Business Relations Committee is chaired by Gary Green and is made up of 13 volunteers who explore, review, recommend, and assist in the implementation of programs specifically directed at forming working relationships with local business and industry. This relationship is both of a capital and continuing nature.

Additionally, the Committee conducts programs designed to provide communication and service to its business constituency and helps to implement Wellness Programs for local industry.

Celebrate the good things...

The things people say....

“My nurse Lea was very knowledgeable. I didn’t use any pain meds and she was very helpful at keeping me comfortable. I delivered my other two children in Louisiana and it was not near as nice as this experience at Schneck!”

“This was the first experience we have had with SMC and we were so pleased. We loved Dr. Amanda and the staff all spoke very highly of her. If he has need of surgery we certainly will bring him back to Schneck.”

“Dr. Jill Mikles’ quality of work was more than ‘very’ good. I would say great. I have no pain in my new hip and trying to get back to being normal with her help. You guys have a special group!”

Hillary Lyons Donates to SCMF

EPiC members Ashley MacTavish (left), Natalie Harpe (2nd from right), and Denise Fleenor (right) were part of a group of hospital employees from across the country who won a Capstone Project Competition during a three-day Hillary Lyons Conference in Aspen, Colorado. Hillary Lyons donated $300 to the winning hospital’s Foundations.

Celebrate the good things...

The things people say...

“Shirley and Rhonda in Cardiovascular were so kind and supportive. I was scared and they made me feel so good. I could not have asked for better care.”

“Lisa in Rehab Services was very professional and gave me great exercises to do on my own and I believe she cared about making me feel better. I still do them every day to stretch out. Very professional.”

“The whole crew that is on 4N is absolutely outstanding, also the staff in the ED. As badly as I felt I never once felt that they didn’t have things in total control. My experience from start to finish was excellent. Those people couldn’t have taken better care of me, they took care of me as if I was their father. Thanks to all that were involved in my care.”

“I’m so happy that Dr. Windley was recommended to me. I feel he will be able to resolve my health concerns. I was totally amazed at all the smiles and offers to help as I was on my way to the physician’s office and lab!”

“Please thank all the nurses and staff on 4 North, Dr. Towriss and Dr. Olsen for me. I was so blessed with the staff who cared for me. Tell them how much I appreciate their care.”
**Spirit of Women Recognize Schneck**

Schneck Medical Center was named a “Gallery of Pride” finalist by Spirit of Women at their annual conference in July. The “Gallery of Pride” award honors hospitals who utilize Spirit programming in innovative ways.

*Spirit* offers marketing, educational, social, and digital healthcare campaigns targeted to women as the primary influencer of healthcare decisions.

The Schneck Foundation utilizes these programs as a community outreach tool and as a unique opportunity to fundraise and friend-raise. Through their efforts, the Foundation has gained new donors, received upgrades to current donor gifts, and reached over 460 new community members in and around Jackson County.

**Celebrating the good things...**

The things people say....

“Taylor on 2N was so sweet. She always took the time to answer all of my questions. Phil on 2N was always on top of things and eager to help me with anything I needed. Your hospital is the nicest one that I have ever been in. I always choose Schneck.”

“Courtney was my nurse on night shift. She took great care of me and my baby. I loved her and felt comfortable when I knew she was coming on.”

“Robin in Diagnostic Imaging made me feel very much at ease. I had to come back for additional pictures which caused anxiety on my part. Before I left the radiologist area, Dr. Stidham looked at the images and said it was ok, which made me feel better. I didn’t have to wait to find out the results. Thank you.”

**Planned Giving Pointer**

At the end of each year, it is important to note a popular charitable tax incentive that was made permanent by the Protecting Americans from Tax Hikes (PATH) Act of 2015. The IRA Charitable Rollover provision allows individuals who have reached age 70½ to donate up to $100,000 per year to charitable organizations directly from their Individual Retirement Account (IRA) without having to treat the distribution as taxable income. In addition, this distribution to charity can satisfy all or part of the donor’s Required Minimum Distribution (RMD) for the year. Certain taxpayers may find this tax provision beneficial in reducing their Federal and state income tax liability, so it is important to discuss this strategy with a qualified tax professional.

For information regarding making a gift to Schneck Medical Center Foundation, please call the Development Office at (812)524-4244.

EPiC Makes a Difference!

Thank you EPiC members! Your donations have purchased a pill counting machine for the Schneck Pharmacy. This machine helps ensure accuracy and improves efficiency.

The Pharmacy staff can work faster without sacrificing quality, and that makes everyone happy!

Be Proud EPiC Members! Your donations are making a difference!

EPiC Strykes Again!

Thank you EPiC members! Your donations helped purchase new Stryker stretchers for the Emergency Department!

These stretchers offer more comfort and safety for patients. They also include more accurate scales and upgraded technology which makes the ED staff very happy.

Thank you again!

Celebrate the good things...
The things people say....

“During a patient call back the patient stated how amazed she was that Dr. Woods took the time to personally call her back with the test results.”

“Kim in Cardiovascular Services was so thorough explaining the procedure I knew what was going to happen before the doctor arrived. Kim has helped me with prior tests and she is excellent.”

“Caroline in the Lab was excellent. She is a friendly and happy person, and very skilled at taking blood. It didn’t hurt a bit!”

“I was offered a warm cloth to wash my face before breakfast. All of the people from the kitchen were fabulous.”
EPiC’s annual Trick or Treat event was held on Thursday, October 27th at the Don and Dana Myers Cancer Center. The Cancer Center was lined with tables from different departments within the hospital, as employees dressed up and handed out candy to children, grandchildren, nieces, and nephews of Schneck Medical Center employees.
EPiC holds another exciting Trick or Treat event for all of Schneck’s Ghosts and Goblins!

“All of my nurses were great! Jackie, Bobbie, and Janet on 2N were especially great. Cami from housekeeping came back and talked with me after cleaning my room and Rhonda from dietary made sure I had enough food that a college-aged male would like. If I ever have to be back in the hospital, I hope I can come to Schneck and have the same staff.”
Santa and Mrs. Claus made a stop on December 16th to spread some Christmas cheer and visit with children of the Schneck Medical Center staff!

Lined up outside of the Schneck Auditorium, children, grandchildren, great-grandchildren, nieces, and nephews of Schneck employees were greeted by the jolly elf, who let them know if they were on the Naughty or Nice List.

After sharing their wish list with Santa, each child received a stuffed animal and balloon from one of Santa’s helpers. A great time was had by all!
The Champion of Care program at Schneck Medical Center provides an opportunity for patients to show how much they appreciate the care they, or a loved one received. Maybe it was a kind word, a gentle smile, or a warm blanket that brought comfort to them or a loved one. The Champion of Care donation is a way to say thank you, in recognition of excellent care provided. Whether it was a doctor, nurse, an assistant, a housekeeper, or anyone else, we invite patients to recognize our employees by making a monetary donation. Their donation will be used to ensure Schneck continues to improve the health of our communities.

JCHS Color Guard Donation to Schneck

For the 2nd year in a row, members of the Jennings County Color Guard purchased toys for children at Schneck Medical Center who were hospitalized over the holidays. Dozens of toys were presented to the Pediatrics Unit at Schneck Medical Center on December 19, 2016, by Color Guard Coaches Seth and Cathy Hulse.

The Jennings County Color Guard started in 2003 as an extracurricular group, and continues to function independently. Members of the color guard are responsible for raising their own money, through fundraisers and donations, in order to participate. This year, they did something extra special and raised money to purchase gifts for children they did not even know.
Schneck Medical Center was honored to be a part of the Indiana Bicentennial Torch Relay that came through Jackson County on September 15, 2016. Vicki Johnson-Poynter, Gary Meyer, and Rick Smith all served as torchbearers on behalf of Schneck. Employees were asked to wear red, white, and blue and line the sidewalks around the hospital. Foundation donors were also invited to join the celebration on the sidewalks as everyone celebrated Indiana’s 200th year as a state, as well as the bicentennial of Jackson County.
I visited the funeral home three times this week to pay respects to and encourage friends and clients who have lost someone special in their lives. Each time I encounter a death of a friend or family, I’m reminded of how short life really is. I start to wonder what people will remember about me. When my obituary is read and people come and visit my family, what will they say about me? As I ponder, I review my life and ask the questions: “What difference have I made?”, “What is my legacy?”, “What is important in life?”, “What really matters?”. And as I do that, my focus on immediate things begins to fade away. I begin to think less about my calendar and more about my relationships and the people that I love and the causes that I’m passionate about. I ask myself why I’m not spending more of my time and money to take care of those things that are so important. I do realize that most of us must work for a living and that does take up a lot of time. But I also know that there are many things on my calendar that aren’t going to be important next week, next month, next year, ten years from now. Why do I spend so much time on those things, rather than focusing on my legacy, which will last forever?

Recently in my morning quiet time, I read this devotional called “Mr. and Mrs. Thing”. As we near the end of 2016, let’s ask ourselves: What really matters? Do our calendar and checkbook reflect our answer to that question?

Celebrate the good things...

The things people say....

“I appreciate my NP Susie at Schneck Family Care of Scott County. Because of her, all of my health concerns are getting the attention they need. Schneck Family Care of Scott County is a place I love to come, as they have very good people who care about my wellbeing.”

“Chris was my nurse and she did great keeping us informed as to what was going on, which helped keep my calm. Amy was my nurse on nights, and was very attentive to my needs. Kaitlin really helped keep my pain manageable.”

“Your staff in the Emergency Department was wonderful. Tori was super awesome! They were all great but she was fantastic. She was caring and helpful and really made me feel better.”

—ANONYMOUS
Bob Poynter Cookout Fundraiser

During the month of October, the Bob Poynter GM dealership went pink to show their support and commitment to raising awareness and funds for the fight against cancer.

On October 14, 2016, the staff at Bob Poynter GM held their annual “Cookout Against Cancer,” where everyone in the community was invited to enjoy a free lunch. The event raised $711 through free-will donation, with the dealership matching the funds raised for a total of $1,422. Proceeds were given to the Schneck Foundation to benefit the Don and Dana Myers Cancer Center.

FOE Donation

Rexanne Ude represented the Schneck Foundation in Reno, NV, for the Fraternal Order of Eagles’ Annual Convention July 17-19, 2016.

The Schneck Medical Center Foundation was chosen to receive a $30,000 grant to support Cancer initiatives.

Cole Fundraiser

Employees of Brewsky’s Grub & Pub organized a memorial benefit ride for Dennis “Peach” Cole who lost his battle with cancer in January, 2016.

Total raised was $3,757, which included a $1,000 gift from Mrs. Dana Myers. All proceeds were donated to the Don and Dana Myers Cancer Center through the Schneck Foundation.
The Seymour Lady Owls and Brownstown Lady Braves basketball players teamed up once again for their annual fundraiser for the Schneck Cancer Center.

The event raised $3,500! Proceeds were presented to Rexanne Ude and Brittany Percival of the Schneck Foundation.

2016 Decorate a Cupcake for the Cancer Center

Don Luecke and his staff were proud to present Rexanne Ude of the Schneck Foundation with a check for $1,210 in October for Breast Cancer Awareness month.

Luecke’s “Decorate a Cupcake for the Schneck Cancer Center” was a fun event for a great cause!
Save the Date for the 34th Annual Community Health Fair!

Saturday, April 8, 2017

Bring your family and friends to participate in health screenings, find out about resources in our community, and learn simple and fun ways to stay healthy.

Time: 7:00-11:00 a.m.
Screenings begin at 7:00 a.m.
Location: Seymour H.S. Gym
Community Drive, Seymour

Admission Fee: FREE
Web: www.schneckmed.org

More Information: Vendor booths will be offering FREE screenings and information. Blood testing available from 7 a.m. to 11 a.m. Free glucose and total cholesterol test.
